

Transition 15

- Product Description:** Complete vitamin and mineral product for swine weighing from 25-50 pounds.
- Pack Size:** 50# bag or bulk
- Use Rate:** 15 lbs per ton
- Features:** A complete source of vitamins and both macro and microminerals necessary to maintain efficient pig growth under commercial swine production conditions.
- Contains the necessary enzymes, amino acids, and microbials for use with a vitamin & mineral basemix. The Omega 50# Basemix completes the Safe Start 25-50 diet with the Transition 15 Pack.
- Purpose:** Supply necessary vitamins and minerals for market hogs.
- Performance Benefits:**
- Support normal growth and bone development in growing pigs.
 - Support normal cellular and metabolic activity.
 - Support efficient lean gain by supplying necessary vitamins and minerals for modern genotypes.
 - Supports immune system by supplying minerals and vitamins for pigs reared in stressful conditions.
 - Provides necessary supplemental vitamins and minerals in a convenient package, thus eliminating multiple small hand-adds at the mixer.
- Remarks:** Feed as recommended by your Omega Nutrition representative.
